Introduce yourselves
- What's your name, what do you do for work?
- How do you feel about today's event?
- What did you have for breakfast?
- How did you spend the money from your first job?

How I can apply Kanban to my personal life :)
How scrum different from Kanban Scrumban ???
Share my knowledge with wider BA and product team at Work
Learn Kanban basics and understand how BA can apply Kaban in analysis activities
How scrum different from Kanban Scrumban ???
What is your purpose for attending this class?
What is Kanban?
For now, remember:
A Method for managing knowledge work
...with Principles and Practices to guide both the management and improvement of the work
...resulting in Kanban Systems controlling the work in progress to ensure work flows smoothly
... through Managed Evolutionary Change to continuously improve the service delivery.
Origins of the Kanban Method
Evolutionary Change, not Revolutionary
Getting to know you
10 min
Expert knowledge
Limited experience
Broad experience
Beginner knowledge
Change Management Principles
1 Start where you are!
2 Agree to pursue evolutionary change.
3 Acts of leadership at all levels.
With Kanban, we start by developing and visualizing a joint understanding of the current way of working. Then, improvements are identified and implemented.
